ENGLISH OUTDOORS
THE CITY IS YOUR CLASSROOM!
NEW YORK | TORONTO | LONDON

WELCOME

You've never seen learning like this.

English Outdoors is an original concept — combining English language learning and real-world city experiences into one unique program.

We are the only English program that runs entirely outside of the traditional classroom.

Fully immerse yourself in city life and culture. You'll practise your English in real settings, with real people, in real situations — and gain the kind of context for language that no classroom can give you.

We teach all over the city, combining authentic experiences with sightseeing and studying. We promise real learning – without a classroom in sight.

AT ENGLISH OUTDOORS WE OFFER:

- **"Immersed" Programs for adults on selected dates throughout the year**
- **Teen summer camps (14–17 years old) in July & August**
- **Young Adults summer camp in NYC in July for 18-22 yo**
- **Tailor-made closed groups / school groups all year-round**

Not all classrooms have four walls!

Every program uses carefully chosen public spaces across the city — selected for their cultural and historical significance, space for exploration, opportunities for authentic language practice, and practical comfort including seating, facilities, and easy access.

Example class locations:

- Indoor markets
- Repurposed industrial spaces
- City parks
- Shopping districts
- Public squares
- Curated public spaces

"It's not like regular school – it's **fun** and more **motivating."**

Maybrit Leyh, 15,
Germany
